

Eden Haverfield, D.Phil., FACMG

**Head of Medical Affairs
Genomic Life
San Diego, California**

Eden Haverfield, DPhil, FACMG, is a medical geneticist and certified by the American Board of Medical Genetics and Genomics (ABMGG). She has more than 18 years of experience across commercial clinical diagnostic laboratories, start-up companies and academic institutions. Dr. Haverfield serves as head of medical affairs at Genomic Life. Prior to this, Dr. Haverfield held roles of increasing responsibility at Centogene, Invitae, GeneDx and the University of Chicago. Dr. Haverfield brings deep genomics experience and domain knowledge across multiple clinical areas and is passionate about driving and expanding the use of genomics in routine health care, population health and precision medicine. Dr. Haverfield studied biological anthropology at the University of Pennsylvania and was awarded a master's degree and doctoral degree from the University of Oxford in the United Kingdom. She completed her postdoctoral training at the University of Chicago.
