

**Joseph J. Hickey**

**Consultant**

**Withum**

**Bethesda, Maryland**

Joe Hickey is a seasoned consultant working with Withum's Digital Workplace Solutions services team, specializing in the Microsoft Power Platform. With a strong background in leveraging technology to drive business solutions, Joe has successfully guided organizations in optimizing their Power Platform use, helping them enhance operational efficiency and improve user experiences. His expertise encompasses a wide range of industries, where he has implemented tailored solutions that address specific business challenges. In addition to his consulting work, Joe is passionate about empowering teams through training and knowledge sharing, ensuring that clients can fully utilize the capabilities of the Microsoft Power Platform. Joe received his bachelor of science degree in business administration with a specialization in technology management.
