

Lawrence E. Jones, Ph.D., MSc.

**Senior Vice President
Edison Electric Institute
Washington D.C.**

Dr. Lawrence E. Jones is a thought leader and practitioner with over 25 years of experience in the energy industry. He joined Edison Electric Institute (EEl) as Vice President, International Programs. Prior to EEl, Dr. Jones was North America Vice President for Utility Innovation & Infrastructure Resilience at Alstom Grid Inc. While at Alstom, Dr. Jones served as Vice President, Policy, Regulatory Affairs & Industry Relations. Dr. Jones was a visiting researcher at EDF in France and worked on projects for ABB in Sweden. He was appointed to serve on the U.S. Department of Commerce's Renewable Energy and Energy Efficiency Advisory Committee as well as the National Institute of Standards and Technology Smart Grid Advisory Committee. He serves as the Chair of the 21st Century Power Partnerships Public-Private Leadership Forum. Dr. Jones is also Honorary Industry Fellow at Monash Energy Materials and Systems Institute and a Senior Associate (non-Resident) with the Energy and Security Program at the Center for Strategic and International Studies. Dr. Jones is the editor of *Renewable Energy Integration: Practical Management of Variability, Uncertainty and Flexibility in Power Grids*. He has received numerous awards, including the 2017 Global Excellence Award in Renewable Energy from the Energy and Environment Foundation of India. He cofounded the International Workshop on Large-Scale Integration of Wind Power and Transmission Networks for Off Shore Wind Farms. He holds several patents for technologies for enhancing situational awareness of operators in control centers. Dr. Jones received his M.Sc., Licentiate and Ph.D. degrees in electrical engineering from the Royal Institute of Technology in Stockholm, Sweden. He is a senior member of the IEEE.
