

Tammy Peet-Sass
Global Compensation Director
QTS Data Centers
Leavenworth, Kansas

Tammy Peet-Sass brings over 15 years of expertise in total rewards, having worked with both private and publicly traded companies across various industries and countries. Her extensive experience encompasses a broad spectrum of total rewards programs. Tammy's specialties include job architecture and pay structure design, long-term and short-term incentive programs, executive compensation programs, international total rewards programs, and regulations and benefits programs—including health and well-being, retirement, time off and voluntary programs. Tammy holds the Certified Compensation Professional (CCP®) and Group Benefits Associate® (GBA®) designations. She has also contributed to the academic community by teaching at several local universities and has shared her insights at national conferences.
