

Eileen O. Pincay, R.Ph.

**Senior Vice President,
National Pharmacy Practice Leader,
Consulting Services
Segal
New York, New York**

Eileen O. Pincay is senior vice president, national pharmacy practice leader, consulting services in Segal's New York office. She has over 25 years of experience in the pharmacy industry and provides consulting services that incorporate advanced data analytics with the latest best practice clinical guidelines. Pincay assists a diverse set of clients (multi-employer, corporate, public sector and coalitions) with vendor selection, contract negotiation, and formulary and clinical management. Prior to Segal, Ms. Pincay served in various internal and client-facing roles in Express Scripts and Medco Health, where she gained expertise in a multitude of PBM operations and programs. Her experience also includes working at two major teaching hospitals in the northeast. Pincay is an active member of various pharmacy organizations. She is quoted in several employee benefit publications on pharmacy issues and speaks at a variety of International Foundation conferences and educational seminars. Pincay has collaborated on multiple publications, including "New Drugs for Weight Loss: What Plan Sponsors Need to Know" and "Segal Research on Prior Authorization of Prescriptions for Specialty Drugs." Pincay holds a B.S. degree in pharmacy from St. John's University and is board certified in New York and New Jersey.
