

Arthur Rains-McNally, FSA, EA, MAAA

**Principal and Consulting Actuary
Millman, Inc.
Seattle, Washington**

Arthur Rains-McNally is a principal and consulting actuary with the Seattle office of Milliman, Inc. His area of expertise is retirement benefits, and he consults with a wide range of multiemployer, corporate, and public sector clients. Arthur's clients include multi-state and state-wide Taft-Hartley trusts, Fortune 500 companies, and county and city employee retirement plans. Arthur assists clients with a broad spectrum of retirement plan issues, including plan design, risk management, mergers, acquisitions and spin-offs, actuarial valuations, benefit and cost projections, assumption studies, financial reporting (FASB, GASB, and CAS), educational seminars on retirement plans, and pension administration. He is a Fellow of the Society of Actuaries, an enrolled actuary under ERISA, and a member of the American Academy of Actuaries. Arthur earned his master of science degree in mathematics from the University of Idaho.
