Pascal St-Jean

President & CEO
3iQ
Toronto, Ontario

Before joining 3iQ, Pascal was an active angel investor and served as strategic advisor and fractional executive to over 5% of The Globe and Mail's 500 fastest growing companies in Canada. Having successfully created and grown multiple business ventures, Pascal was recognized as one of the youngest recipients of the Forty Under 40 award. Pascal's experience in open-source technologies and distributed systems led him to invest in cryptocurrency in 2016, and act as an educational resource on digital asset investments to several organizations. As president and CEO of 3iQ, Pascal is focused on overseeing the growth and global expansion of the company as it continued to pave the way as a global leader in digital asset management.
