

Brent Westra

**Director—Complex Care Program
Mayo Clinic
Rochester, Minnesota**

Brent Westra is a director within Mayo Clinic's Complex Care Program, responsible for building relationships with employers, payers and third-party administrators to ensure that complex patients have access to Mayo Clinic's destination medical centers in Rochester, Florida and Arizona. Previously, he supported specialty lab testing for Mayo Clinic Laboratories. His professional background also includes roles in product management, marketing and communications. Westra is a graduate of the University of Minnesota and earned an M.B.A. degree from Augsburg University.
